

Kayak/Canoes hire

Kayak

Our canoes are suitable for 2, 3 or 4 persons. When renting a canoe each person will get one life jacket (different sizes are available, including children/toddler), one paddle and one waterproof storage barrel per boat.

Our touring kayaks are of the make "Necky" and equipped with a double paddle, a life jacket and a waterproof storage bag.

Canoe

Both, the canoes and the kayaks are suitable for long term trips around the beautiful German Lake District "Mecklenburger Seenplatte". There are hundreds of lakes and almost all of them can be discovered by paddling since many lakes are connected by rivers and channels. For the planning of your trip we will provide detailed information on safe use of the boats and advise you about the most beautiful places. We also offer you to buy the latest maps of the Mecklenburger Seenplatte.
